WORK PARTY NEEDED -CAMP WESTWIND

\*\*\*\*\*

We need 6-10 Members willing to spend the week-end on the coast at Camp Westwind Feb. 27-28.

OBJECT: to open trails, improve campsites, and assist in general preparation of the camp.

WHY? because Camp Westwind needs us - and - it is a Y.W.C.A. project. The Y.W.C.A. in Portland has been a great help to us putting out this newsletter and keeping up our morale. They allow us to use their Xerox 2400 copying machine at their cost and pretty much at a time of our own choosing. This has meant a considerable savings to us dollar-wise and the time element has meant much to one with an already highly irregular schedule.

GENERAL INFO: bring your sleeping bag - meals available at 50¢ - tools furnished - couples welcome - Saturday Night beer but minutes away at Lincoln City-might as well make the best of it.

Remember-we're only returning a favor.

Another Thought: this type of association with the Y.W.C.A. can do much to improve our "image".

Send your response(s) as soon as possible so we'll know how many are going, arrange rides, furnish maps, etc.

\*\*\*\*\*

MORE HELP NEEDED HERE TOO!

ADS - so far we have but four (4) ads - and these four solicited by one (1) member. Members in every area should drop by their local shop or favorite dealer. Approach them with our offer - \$2.00 per month or \$20.00 per year. Remind them - we are the backbone of the industry - the ones who buy the motorcycles, motorcycle parts, and accessories - the very group working for motorcyclists freedoms so there will be a motorcycle industry.

\*\*\*\*\*

\*\*\*\*\*

\*\*\*\*\*

SUPPORT THOSE WHO SUPPORT YOU !

\*\*\*\*\*

\*\*\*\*\*

\*\*\*\*\*

MORE INPUT - realizing, of course, that it is winter, perhaps there isn't much going on - but surely there must be a couple members somewhere doing something together - talking to a local group about ARATE, going for a ride, or something. You Area Reps. (or anybody) - whats going on in your area that would concern or interest our motorcycling membership? This exchange of information is not only helpful but adds to the interest of our newsletter.

IT'S YOUR RAG - GET INTO IT !
