<https://www.abateoforegon.net/>

What is A.B.A.T.E.?

We are a State Motorcycle Rights Organization (S.M.R.O.) dedicated to educating riders, drivers, and elected officials about issues affecting motorcyclists. We help fund a political action committee (BikePAC) that directly interacts with the legislature about motorcycles issues and bills that affect us.

What does "A.B.A.T.E." mean?

A.B.A.T.E. Stands for **A Brotherhood Against Totalitarian Enactments**. The organization was formed when legislators passed bills adversely affecting riders without consulting them.

We also do business as **A Brotherhood Aimed Towards Education**.

What is BikePAC?

Founded in 1988, BikePAC members track legislation, brief officials, and report to A.B.A.T.E. about issues affecting motorcyclists.

Editor's Corner

Hello to my Brothers and Sisters of A.B.A.T.E. and those that want to get involved!

With summer in full force, so many things to do, how do you choose? Check out our events page and don't miss out on our fund raising activities. A great way to get out with friends and support our mission and keep A.B.A.T.E. going. I'm always looking for articles to share of your adventures, please send to news@abateoforegon.net. Please let me know if you have any questions.

As many of you know, I work a lot and don't have time for a lot of weekend fun. With that and other life bumps, I did get to ride and camp out at Fossil and at the SOS Run this year. I have to say, both events were super fun! We have amazing volunteers who work hard to put these events together and my respect goes out to each and everyone of them, thank you. I hope to make it to a few more rides and get together. Hope to see you there!

In other important news:

Do you know about the Oregon Governor's Motorcycle Advisory Committee?

Well you should.

The committee's focus is rider education, impaired riding, road hazards unique to motorcyclists, motorist awareness of motorcycles, sharing the road and other safety issues. The committee advises the Governor and the Governor's Highway Safety Representative regarding motorcycle safety issues and legislation that is in the best interest of the Oregon transportation public.

Want to know more? Get involved?

Central Oregon chapter report

Well Folks,

It is starting to be a crazy summer. Fossil has come and gone. Rocks Lakes and Bridges was rained out. There is a run every weekend, if not two. How do we fit it all in and support our own organization?

We do the best we can and try to make it to some runs we may have never been to yet. That is how we do it. Get out and ride somewhere new. Don't get caught up in the same ole same ole of years gone by. Get out and approach some of the other groups of riders. Bring to the light of ABATE helping out on Team Oregon expenses for being a member of ABATE.

I have been approaching the Adventure Riders here, and when I bring up motorcycle modification rules that may be coming down the line, they will listen up.

We are getting details worked out for Teddy Bear Run. Remember, Love your Family, Lover your Brothers and Sisters, and Love every day you are above ground, because it can end before you know it. This hit hard as I rode to State board meeting Saturday morning and had to ride through the blood stain on Highway 126 just west of Redmond, from MY youngest brother, who had a car turn in front of him and die on his motorcycle, 7/6/2022

GONE RIDING

Hub City chapter report

It is nice to have Summer finally get here. We haven't had much good riding weather. Our annual spring run was pretty much rained out. We had one rider but the after party was pretty fun. I am hoping for the rest of the Summer is better.

We need to watch out on the country roads for farm equipment. Most equipment is large and slow so give them some space. They are just trying to get the job done.

Keep your wheels down and be safe. Have a safe summer.

More fun at SOS Run

Josephine County chapter report

Very first thing ... we wish to extend our sincerest condolences to Lincoln County chapter in the loss of Gary. He was a long-time motorcycle rider and huge supporter of ABATE. You will be missed Gary. Thanks for the memories.

If you haven't seen all the pictures on FaceBook, I hope you look at the ones in this newspaper. I believe this was the best SOS we have held in the last 6 or 7 years. The weather was perfect. There was no smoke from the fires. Yes, we had to work around the rows of freshly cut hay but the end result was a better location for the games and for the bike show. All the bands were pretty good. And I have a long list of thank you's to pass out. Of course, first and foremost all the ABATE members and friends that came forward to help. We had a strong committee that worked hard to put on this event. Jackie and Cathi who stepped up and did a lot of my work while I was out of the town the week before. The Owen family for allowing us to use the Ranch and especially Andy who was set up guy, electrician, stage and sound manager, among other things. All our volunteers and

prize donors: CMA, Bikers for Christ, Old Guard Riders, NA Performance Cycles, Redwood Cycles, D&S Harley Davidson. And last but not least all the attendees. All the riders and campers that came from all over the state, from Washington, California and Idaho. Thank you, thank you, thank you. See you next year.

We still have a couple of events coming up this year. Our Annual Run to the Coast Poker Run will be August 6th and our Toy Run will be October 1st. Run to the Coast flyer should be in this newspaper and the Toy Run flyer will be published next month. As always, we are a family friendly chapter. Monthly meetings are held at the Fruitdale Grange, 1440 Parkdale Drive, Grants Pass, the 3rd Wednesday of each month at 6 pm. Everyone is welcome.

So, until next month

Ride safe.

See you down the road.

Karen

Lincoln County chapter report

Saddened greetings from the Lincoln county chapter

Hi fellow Brothers and Sisters. It's with a heavy heart to let you know that our life long member and friend and property owner of the Beaver Creek run, Gary Lechner, passed away July 7th on his way down to the SOS run. He and member Jimmy Kasner were having a great sunny ride down the coast. The unofficial cause of death was a heart attack. He will be greatly missed. HE WENT OUT WITH HIS BOOTS ON!

I also need to mention that because of this unfortunate incident, The Beaver Creek run is CANCELED. ANY well wishes or condolences can be written at Batemans Funeral homes bereavement page under Gary's name.

Keep your knees in the Breeze

North Coast chapter report

August 2022 Chapter Report

Hard to believe its August already, summer took long enough to show up and I for one blame that ball of fur in Punxsutawney.

Our Around Saddle Mountain ride was a great success, we had 52 bikes counted and zero downed riders and zero broken bikes. It was a scorcher that day and boy was I glad to be driving the run truck with ice cold AC. Those who volunteered to help are greatly appreciated. A big THANK YOU to Troy Stevens for showing up for the run Was nice to meet the man behind the email.

I have to say we have one heck of a great turnout at every meeting and everyone is greeted as a brother or sister. This chapter is a shining example of the bond of brotherhood that goes hand in hand with riding.

This is my first Chapter Report as the old guard is

stepping down from the roles they have held for far to long. I would like to say thank you to Al Jaques aka Jam, whom was the Historian and PR officer. I would like to welcome Nichole Holiday as the new PR/Historian, thank you for stepping up to keep this organization running on the North Coast.

By the time you read this we will have made another donation to the Clatsop Community Action Food Bank as well as completed our road clean up on July 23rd 2022.

Next big thing for NC ABATE will be the Spaghetti Dinner and Auction – Saturday Nov 19th Followed by the Holiday Run/ Chili Feed – Saturday Dec 12th 2022

Stay safe out there on the roads and enjoy having your knees in the breeze.

Motorcycle Riders Foundattion

Consumer Education on Ethanol H.R. 7731 Call-To-Action

In May, President Biden announced the Environmental Protection Agency would temporarily lift the summer restrictions on the sale of gasoline with 15% ethanol (E15). In response Representative Austin Scott (R-GA) and Representative Lois Frankel (D-FL) introduced the Consumer Protection and Fuel Transparency Act of 2022 (H.R. 7731).

H.R. 7731 requires more detailed labeling of gas pumps that dispense E15 fuel. Clearer labeling of E15 at the pump will warn consumers about the harmful impacts of misfuelling so consumers can better protect their engines.

Unfortunately, most consumers are not aware that these fuel blends may be causing damage to their vehicle.

A recent survey found 3 in 5 consumers mistakenly believe that E15 is safe for use in all their products. Motorcycles, boats, pre-2001 model year vehicles, and outdoor power equipment are especially at risk to E15 blends.

Please [take action](#) now and tell your Representative that consumer education on E15 is needed and ask them to cosponsor H.R. 7731.

Southeast chapter report

Summer is here and all sorts of things are going on in our region. Be careful out there. Drivers are not used to seeing so much sunshine so please be aware of where the sun is and where you are at in relation to the sun. Sun glare in a driver's eyes can mean a nasty outcome.

Jax Eaton is our Membership Contest gold winner with 11 new memberships!! Congratulations to Jax! Thanks to all the competitors you did an outstanding job bringing new people in. It was quite a competition. The Southeast Portland Chapter won the gold for the State Contest as well. Our Chapter has added 38 new members since the beginning of the year. That is really truly outstanding!! Again, much thanks to Matt Hobbs who panned the gold himself and donated it for this contest. That in itself makes the prize that more special.

We have been getting out for a ride after the meetings ending up somewhere for a bite to eat. It has really been enjoyable getting to know folks outside of the meeting environment. And it is always good to go for a ride.

Some of our activities coming up:

Summer Poker Run – 8/20
Southeast Chapter Picnic – 9/17
Shriner's Toy Run 12/3

May God's face shine upon you,
Ride safe,

Mike Friend

Washington County chapter report

July Report for the Washington Co. Chapter of ABATE

Since it finally looks like summer are you finding excuses to ride? Here in the Wash. Co. Chapter of ABATE our next poker run, which will be a "Scavenger Hunt", will happen on Saturday the 16th of July 2022. After that will be the "End of Summer Poker Run" on Sat. the 27th of August 2022.

We are definitely hoping to have motorcycle riders show up to go on these runs. That last one Sunday June 12th kinda' sorta' fizzled and didn't happen. Not enough people showed up and it was rainy. We may have had officials to man the stops but no entrants to make it happen.

I actually think that most people have been negatively affected by the whole pandemic experience. Lock downs and mandates caused people to stay home. Now, after things have started to return to normal, folks are slow to get back out into the flow of everyday living again like it used to be.

I enjoy staying home and I like to return home after being away participating in an activity. "Home Sweet Home".

It's comfortable to lay on the couch and watch tv. Remember the joke when Covid first hit and people said "They want us to stay home, lay on the couch and watch tv. Let's not mess this up!"

Our Washington Co. Chapter will continue having a run planning meeting the 2nd Monday of the month at the Prime Time Restaurant, 4450 Pacific Ave, Forest

Grove 7:30pm. And the regular monthly membership meeting will happen the 4th Monday at the Hillsboro Elks, 21865 NW Quatama St, Hillsboro 7:30pm.

We just celebrated Independence Day on the 4th of July. Most everybody had Bar-B-Q then watched fireworks. It's still great to live in this wonderful country. I do feel that we will need to stay on our toes if we want to remain free. Abate was started back in the 70's to fight forced helmet laws. We are the type of people who do not want to be forced into anything. One doesn't need to look far to see the government pushing an agenda on us, "We the People", whether we like their notions or not.

Before I shut up I'll put in a plug for flat track motorcycle racing that will be happening at Castle Rock, Washington on Saturday Aug 13th, 2022.

Thank you,
Cooper

NCOM BIKER NEWSBYTES

Compiled & Edited by Bill Bish,
National Coalition of Motorcyclists
(NCOM)

NCOM CONVENTION ROCKS NASHVILLE

Hundreds of bikers' rights activists from across America rumbled into 'Music City USA' to rock the country capital with the sounds of motorcycles and two-wheel politics, as the National Coalition of Motorcyclists hosted their 37th annual NCOM Convention, June 17-19 in Nashville, Tennessee!

Rising to the call for action on numerous topics of concern to all riders, concerned advocates from the ranks of Motorcycle Rights Organizations (MROs), clubs (Confederations of Clubs) and independent riders gathered to learn and share for the betterment of biking.

Agenda items dealt with legal and legislative issues, with special emphasis on telematics and the electrification of the vehicle fleet, protecting your digital data, and your personal Privacy.

Special Meetings were conducted for Women in Motorcycling, a Clean & Sober Roundtable, an AIM Attorney Conference, as well as the Christian Unity Conference and Confederation of Clubs Patch Holders Meeting.

NCOM board member Ed Schetter, a veteran of the auto industry and Executive Director of ABATE of Ohio, presented a "We Just Want Our Place on the Road and Safe Fuel" seminar detailing the impending advance of driverless cars and imminent demise (?) of internal combustion engines (ICE), relating the impact on the motorcycling community and our lifestyle.

Medical trainer EMT Dick "Slider" Gilmore expanded his First Responder and Golden Hour repertoire to include a new "Save A Biker's Life" presentation focusing not only on the health implications of diabetes in general, but also on special considerations specifically for

riders, and was well attended and informative as always.

Slider's blood- and Sons of Silence M/C club-brother "Chopper" Gilmore was later honored during the Silver Spoke Awards Banquet with the Christian Unity award for his ministerial work. Other Silver Spoke Award recipients were: singer/songwriter David Allen Coe for Entertainment; Tommy Simpson of the Outlaws M/C and CMT/ABATE of Tennessee receiving the Freedom Fighter award; and NCOM's highest honor, the Ron Roloff Lifetime Achievement Award was presented to Florida AIM Attorney Jerry "T" Theophilopoulos largely for his legal work with the clubs, COCs and ABATE of Florida.

Following the feast and festivities, and a lively auction to benefit the 'Freedom Fund,' NCOM Board Chairman James "Doc" Reichenbach, President of ABATE of Florida, adjourned the 2022 NCOM Convention with the announcement that next year's Convention is scheduled for Father's Day weekend, June 16-18, 2023 in Phoenix, Arizona, so check back at www.ON-A-BIKE.com for further details as they are announced.

WELCOME TO NCOM – United we Ride, Divided we Drive!

The National Coalition of Motorcyclists (NCOM) proudly welcomes the following motorcycle organizations approved by the NCOM Board of Directors 07/17/22 at the NCOM Convention in Nashville as our newest NCOM Member

Groups, joining in unity with over 2,000 other motorcycle rights organizations, rider groups, clubs and associations from nearly every state and Canadian Province:
~ Bikers Rights Organization (CA)
~ ABATE of Florida Safety & Education Inc.
~ Wyoming Confederation of Clubs

NCOM serves as a nationwide umbrella organization that provides legislative assistance, information network and legal resources; and also reaches out to various segments of the motorcycle community such as Christian Motorcycling, women riders,

sportbikers, independent motorcycle shops, touring associations, clean & sober groups, and veterans – helping to form coalitions and foster cooperation between all segments of motorcycle riders.

Also, the NCOM Board of Directors wishes to welcome Robert Petty of the Modified Motorcycle Association (MMA) of California and BRO, as co-director of NCOM Region I: (AK, CA, HI, ID, OR & WA).

NCOM also mourns the recent passing of former board member Ollie "Laddie" Elkins, past ABATE of Louisiana State President.

FUEL TRANSPARENCY

Responding to a Biden Administration announcement that the EPA (Environmental Protection Agency) would temporarily lift summer restrictions on the sale of E15 gasoline to the public, fuel containing 15% ethanol, U.S. Representatives Austin Scott (R-GA) and Rep. Lois Frankel (D-FL) introduced the Consumer Protection and Fuel Transparency Act of 2022 (H.R. 7731).

Many consumers, specifically owners of motorcycles, ATVs and other small engine machines, are not aware that higher blends of ethanol can damage their engines and even void manufacturer's warranties, so H.R. 7731 would require more detailed labeling of gas pumps to warn about the harmful impacts of misfueling.

Concerned riders are urged to contact their Congressional Representative by calling the U.S. Capital Switchboard at (202) 224-3121 and ask for their support and to cosponsor H.R. 7731.

TENNESSEE WAIVES REGISTRATION FEES FOR ONE YEAR

If you own a motorcycle in Tennessee, or personal automobile, you should be aware of a new moratorium on state vehicle registration fees that the governor has signed into law. It affects motor vehicle renewals that are currently scheduled to take place between July 1, 2022, and June 30, 2023, so for an

entire year Tennesseans have a moratorium on motorcycle and personal motor vehicle registration fees to the state (not any others).

It's part of Senate Bill 2491, which Governor Bill Lee officially signed into law on June 3, 2022, and the whole thing is a larger budget appropriations bill, but it includes what could be a helpful provision for a lot of road users tucked inside it, by putting some money back into the pockets of most vehicle owners.

The waived fees will be for Class-A vehicles, which include motorcycles, and Class-B vehicles, which include passenger motor vehicles and motor homes, but not for commercial vehicles or electrics.

IOWA ATV RIDERS NOW HAVE GREATER ACCESS TO STATE ROADS

Iowa recently changed their state's laws that previously restricted the use of some powersports vehicles on state roads, and as of July 1, 2022, ATV and UTV riders in Iowa now enjoy greater use and access for their rides throughout the Hawkeye State.

The new law was the result of a 2020 survey completed by ATV and UTV owners, asking them which Iowa laws restricting off-road riding that they wanted to see changed. Riders wanted to be able to ride on more county and state roadways in order to connect trailheads, and they wanted the opportunity to ride in all 99 Iowa counties.

These changes don't give off-roaders unfettered use of the roadways, however, as vehicles are limited to 35 mph, must behave like other traffic, have operational headlights, taillights and brake lights, a horn, and rearview mirrors, and operators must be 18 or older and possess a valid license and insurance

Riders also must take the most direct route to and from ATV parks and their home, with limited access to state two-lane and county highways day or night, but are still not allowed on state four-lane or interstate highways.

NCOM BIKER NEWSBYTES continued..

on follows undeniable statistics; apparently over 2000 vehicles have been seized in 2022, making up a nearly 80% increase in seizures compared to the number of bikes taken by the law in 2021.

"We see them all the time, we hear them all the time at night. We see the large numbers that are moving throughout our streets, and we want to be clear that this is not acceptable," admonishes Mayor Adams, explaining that the reason for choosing destruction over sourcing or selling the machines "...because it keeps them off the street permanently."

NO MORE LICENSES REQUIRED FOR THREE-WHEELERS IN UTAH

The transportation and technology communities have been talking about autocycles for a few years now, with several states attempting to classify the strange new three-wheel vehicles that are not quite car but not a motorcycle, creating difficulties for riders and confusion at license bureaus.

Following much lobbying by autocycle manufacturers such as Polaris, many states no longer require operators to acquire a motorcycle endorsement on their license, such as in Utah, but like others their state defined an autocycle as having "a steering wheel."

That's about to change with House Bill 391, which Governor Spencer Cox signed into law, tweaking the definition of an autocycle just enough that Utahns won't need a motorcycle license at all to drive an "autocycle," steering wheel or not.

Rep. (Kay) Christofferson (R-Lehi), co-sponsor of HB391, explained that all the bill does is adjust the state's definition of an autocycle from having "a steering wheel" to a "steering mechanism" and tacks on a provision regarding seat belts. So, the state's new definition

says an autocycle is a vehicle "designed to travel with three or fewer wheels in contact with the ground; and is equipped with a steering mechanism, seat belts and seating that does not require the operator to straddle or sit astride the motor."

But that small amendment to the law is all that was needed to make some autocycles (with handlebars) more accessible to Utah riders without a special permit. Proponents also point out that because of autonomous vehicles, steering wheels are becoming obsolete, so passing HB 391 puts Utah ahead of the curve.

INTERNATIONAL MOTORCYCLE SHOWS (IMS) CIRCUIT CANCELLED

The COVID-19 health crisis has taken a toll on motorcycle manufacturers and dealerships, as well as riders themselves, but with all of the social distancing, masking, and vaccine mandates that events like the International Motorcycle

Shows (IMS) has had to continually adapt to over the past two years, the 2022 IMS Outdoors powersports show tour has been canceled.

The original 2022 schedule was set to kick off in Colorado in June, with stops in Chicago, New York, Atlanta, Southern California, and elsewhere, but IMS officials cited in a press release the way "brands promote their products amidst the continued manufacturing and sourcing delays associated with the pandemic" as the main driver of the cancellation.

According to IMS, that shifting landscape doesn't allow the organizers to deliver an experience that meets its expectations.

QUOTABLE QUOTE: "The marvel of all history is the patience with which men and women submit to burdens unnecessarily laid upon them by their governments."

~ U.S. Senator William H. Borah (1865-1940) affectionately known as the "Lion of Idaho"

ABOUT AIM / NCOM: *The National Coalition of Motorcyclists (NCOM) is a nationwide motorcyclists rights organization serving over 2,000 NCOM Member Groups throughout the United States, with all services fully-funded through Aid to Injured Motorcyclist (AIM) Attorneys available in each state who donate a portion of their legal fees from motorcycle accidents back into the NCOM Network of Biker Services (www.ON-A-BIKE.com / 800-ON-A-BIKE).*

NEW YORK GETS TOUGH ON NON-LEGAL ROAD BIKES
New York City officials bulldozed nearly a thousand non road-legal motorcycles, dirt bikes and ATVs confiscated by the NYPD, as the city and police force sought to remind citizens of the importance

NMRM Black Ribbon Ride & Rally 2022

National Motorcycle Riders Memorial
Shelton Wayside Park, Fossil, OR
June 17, 2022

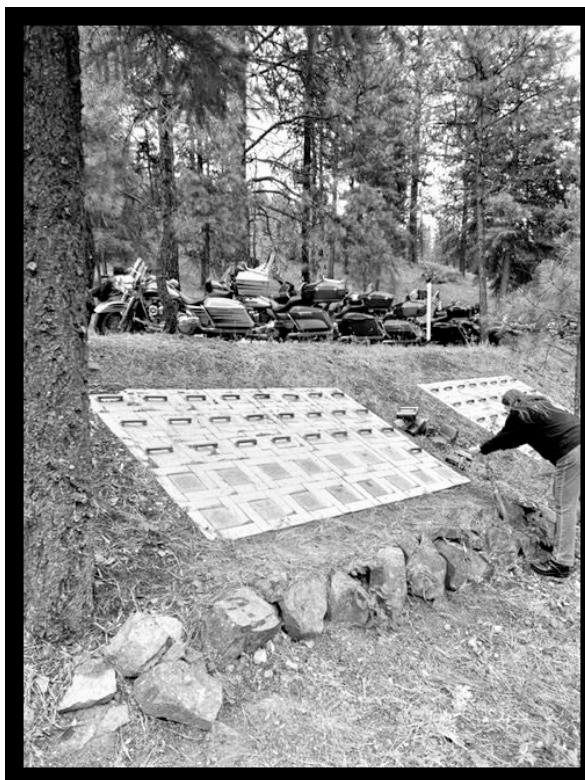

NMRM had a ceremony this year after successful navigation of our stolen covid years. It was an emotional and rewarding experience, placing a brick, honoring my friend. There was a lot of support within the assemblage. The area is astoundingly beautiful and feels free. A visit to the Shelton Wayside Park and seeing the memorials can be inspiring.

Preparations were well handled, delivering an outcome more than anticipated. There is an associated website with info and forms, and our memorial photographs and obits. <https://nmrm.wildapricot.org/page-1345870>

My task was to submit an obit and photo(s) for the website. Then for the actual brick, your creation can contain up to three lines, 21 characters per line, or a clip art with two lines of text. That's in addition to the name, dates, and roadname, all questions you will have answered on the website for submitting a brick. And the step to JOIN, or DONATE to NMRM. <https://nmrm.wildapricot.org>

Then, for the rally/run! It was well attended (judging from current crowds). My posse rode through torrential rain getting soaked through hell, I mean Portland. No rain after Corbett, however stopped at The Dalles to reserve a room in the Fossil Motel. A couple NMRM founders were staying at the motel, from Spokane, pleased to have met them. :) Everyone met at the Fossil Courthouse, kickstands up at noon and we rode together out to the Wayside. Accepted the brick, said a few words, and placed the memorial brick. An invitation from a CMA member was extended for BBQ and camaraderie in Fossil afterward. Many Blessings.

Impressive. Thanks.
Glenna Grossen

State Membership report

In June we welcomed 7 new members: 6 in the SE Portland Chapter; and 1 in Hub City Chapter. These numbers reflect applications received thru May 31st. We now have a total of 686 active members and 97 newly expired members. Total Statewide is 783 members. 34 members are in multiple chapters. I have sent out renewal notices for August and September to remind members to renew before they expire so they keep their insurance in effect.

On a personal note, I have just returned from attending and working the SOS (Southern Oregon Summer) Campout in Glendale, Oregon. It was hosted by Josephine County Chapter. I can't find the words to say how rewarding it was to work the event. I was able to see and spend time with riders and vendors that I have known from the 90's and also met new friends. My philosophy is that there are no strangers, only friends that I have not met. The beautiful thing about attending these events, is it allows us to see brotherhood in action. We get to enjoy the ride to and from the event and come together to have fun and games, renew old friendships, and show off our motorcycles.

We signed in 8 new members to ABATE during the weekend. I gathered signatures on a petition to say no to toll roads in Oregon. If you are a registered voter and haven't heard about this yet please go to NoToll.Army and take the survey. We need to have our voice heard in Salem.

Carry some tri-folds and newspapers to share with other riders you meet and tell them about the Team Oregon classes that they can be reimbursed for taking. Remember to be safe out there on the highways and byways and enjoy being in the wind.

Using Paypal is still the fastest way to join or renew by using the link on the ABATE of Oregon web page, abateoforegon.net.

State Membership Secretary
Jackie Kilpatrick

Do you know how to protect yourself from dehydration riding your motorcycle?

Many motorcyclists don't factor in the dangers of dehydration when going out on a long ride on a hot summer's day. There could be many reasons for this, but one has to be that many riders don't see riding their motorbike as a strenuous sports activity, like football or a workout at the gym for example. The fact is that many variables exist that affect motorcyclist while out on the road, and these can combine to make dehydration a serious and potentially lethal problem.

Why Dehydration Affects Motorcyclists

There are a variety of reasons why dehydration affects motorcyclists. One reason is the way [the sun's heat is absorbed by the asphalt](#) you ride your motorbike over. This heat emanating from the ground will heat you up too, and the hot air rushing past your face can make you feel like someone has opened the door to a furnace. When you combine this with the affect the sun has on heating you up directly, dehydration can set in quick.

It's a catch 22 when it comes to shedding layers to keep cooler over keeping them on to stop direct sunlight beating down on your skin. Keeping them on means you'll feel hotter underneath your layers, and most likely sweat more. Taking them off exposes your skin to UV rays, and often you'll feel cooler because of airflow around you. The problem is that even though you may feel cooler, the sunlight is literally sucking the moisture out of you and frying your skin.

Possible Consequences of Being Dehydrated

The consequences of dehydration while driving a motorcycle can range from simply having to stop for water to losing control of your motorbike and having an accident. The longer you leave it before hydrating yourself, the more likely you will suffer from severe heatstroke. Heat cramps in your legs and stomach are a common initial symptom of dehydration, and if you feel these you need to pull over fast, because they won't stop until you get some water inside of you. Heat exhaustion is likely to set in if you don't stop for water, and you'll soon feel dizzy, weak, and tired. Your control of your motorbike will get steadily worse, and there is even the possibility that you will faint while riding. The final stage of severe dehydration is heatstroke, and at this point you will likely need to be taken to a hospital for recovery. You may feel intoxicated, and will experience a rapid heartbeat along with fast breathing. Riding will become very difficult so you may have already pulled over, but riding your bike is the least of your worries now. Confusion and blackouts are common, and if proper medical attention isn't sought heat stroke can lead to death in rare cases.

How to Keep Hydrated While on a Ride

Keeping hydrated is best done by using natural methods, and you can find a list of the [best foods and drinks to keep you hydrated](#) at this WebMD article. Don't try to combat the effects of dehydration and subsequent tiredness by taking cheap synthetic drugs that claim to keep you awake, like ephedrine for example. Buying this type of medicine online is not a good idea, because it leaves you susceptible to the danger of counterfeit medicines, which will only add to your problems while out on the road. If you really want to use something extra to stave off the effects of dehydration, then the benefits of hydration electrolyte replacement tablets could be of use to you. Adding a tablet to plain water will infuse it with added vitamins and electrolytes like sodium and potassium, without adding the sugar and carbohydrates found in many sports drinks.

Things to Remember

If you do find yourself suffering mild symptoms of dehydration, try soaking your first layer of clothing, like a thin cotton t-shirt, in water and putting in back on with your jacket over the top. Your body will absorb water as you ride, and it should make your body feel cooler. Also, use your common sense when out riding your motorcycle. Of course try to avoid riding during the hottest parts of the day, but if you do make sure you take regular stops along the way. Use these pit stops to get out of the sun, so sit in the shade and drink water. Dehydration can be a killer, so make sure you're not a victim.

Prevention is definitely better than the cure, especially when it comes to a glass of water.
